

# Environmental Policy Statement

EcoGenR8 Limited, and its trading entities AFECO and Innov8 Products, recognise that our activities have the potential to result in the generation of waste and of emissions to air and water. We are fully committed to reducing our environmental impact, protecting the environment, preventing pollution and to improving our environmental performance.

The Company recognises our key impacts to be in the areas of:

- ▶ Office energy, equipment and consumables use;
- ▶ Waste generation;
- ▶ Environmental impact through our project activities.

Our objectives are to comply with, and where possible, exceed all compliance, legislation and other pertinent requirements to reduce the environmental impacts of our business and operate in an environmentally responsible manner.

In order to set, achieve, maintain and continually improve our Environmental Objectives and protect the environment, we will control and conduct our business by means of a formalised system of modern environmental management in accordance with the requirements of ISO 14001:2015.

This Environmental Policy is brought to the attention of all new and existing employees and is reinforced by management to ensure understanding and commitment throughout the Company. It is displayed at the office and is freely available to any customer or third party on request.

The Environmental Policy and Objectives shall be critically reviewed annually to ensure suitability, efficacy and continuous improvement to enhance our environmental performance.

I take full responsibility for ensuring the policy is implemented.

Abigail Field

Date: March 2016

Managing Director
